

Position Description: Elementary and Middle School Program Assistant

Organizational Summary: Quality educational experiences are essential to preparing students for the future, yet systemic barriers create pronounced disparities in educational opportunities and outcomes. The Emily Krzyzewski Center, a nonprofit organization in Durham, North Carolina, implements four distinct programs designed to build on the academic, career, and leadership potential of students who are traditionally underrepresented in higher education. Collectively, our programs serve students from elementary school through college and equip them with the skills necessary to successfully complete higher education, connect to promising careers, and become agents of change within their communities. We amplify our efforts through partnerships with our local school district, community-based organizations, and universities.

Program Description: Pioneer Scholars is a free, enrollment-based academic enrichment program designed to build the skills and foster the intellectual curiosity of academically focused elementary and middle school students from backgrounds that are traditionally underrepresented in higher education. Serving about 90 students through daily out of school programming, Pioneer Scholars is supported by the work of certified teachers, volunteers and community partners. In addition to academic skill building, we aim to help students develop as leaders, foster a college-going mindset, strengthen students' socioemotional skills, support students' career exploration, and provide meaningful opportunities for parent and family engagement.
